

Case Study: Policy Design and Systems Reform

Skills Strengthening for Industrial Value Enhancement (STRIVE) – A World Bank-Supported National Vocational Reform Program

CLIENT

KEY ROLE

End-to-end implementation support, fund disbursement oversight, and systemic reform execution for India's \$318M national skilling initiative under the World Bank.

KEY HIGHLIGHTS

Directed modernization of ITIs, scaled industry-aligned apprenticeships, managed \$125M in results-based financing, and drove state-level capacity-building across the vocational training ecosystem.
