Impact Evaluation of School-Based Vocational Education Intervention Catalyst Program – in Delhi, Maharashtra, Gujarat, and Jharkhand

CLIENT

Lend A Hand India
Building A Skilled Tomorrow

KEY ROLE

Design and execution of a 4-state mixed-methods impact evaluation, leveraging LAHI's large-scale student datasets to assess vocational training outcomes across Delhi, Maharashtra, Gujarat, and Jharkhand.

KEY HIGHLIGHTS

Analyzed 8,000+ student records to develop a replicable evaluation framework, map post-Class X/XII transitions, and generate gender-, state-, and stream-wise insights using the OECD-DAC lens.
